

JOINT STATEMENT

by

The Architectural Institute of Japan

The Architectural Institute of Korea

The Architectural Society of China

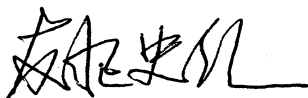

1. On behalf of the three institutions, we confirm the importance of integrating three factors--science, technology and art--into education, qualification and investigation in the field of architecture, and hereby agree to embark on dissemination of this conception to Asian nations and to the world.
2. Based on this agreement, the three institutions confirmed that International Symposium on Architectural Interchange in Asia would be held biennially. The fifth Symposium will be held in Japan in the year 2004 sponsored by AIJ. The sixth Symposium will be held in Korea in 2006 sponsored by AIK. The seventh Symposium will be held in China in 2008 sponsored by ASC. The three institutions will take turns holding Symposiums thereafter.
